

Equality Impact Assessment Form

Please ensure that you refer to the 'Equality Impact Assessment Guidance' while completing this form. If you would like further guidance please contact the Equalities Officer or Equalities Team

Details

Name of Initiative to be assessed: Green Bulky Waste

Name of responsible officer: Val Steel

Group/Directorate: Place and Transformation

Service Area: Waste

Date: April 2016

(a) WHAT ARE YOU ASSESSING FOR IMPACT ?

Service/ Function	Policy/ Procedure	Project	Strategy	Plan	Proposal	Information/ Position statement
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

(b) Please name and describe below

GREEN BULKY WASTE

To consider the implications of achieving full cost recovery for green bulky waste collections.

Under the Environmental Protection Act 1990 (EPA 1990) the authority has a duty to collect and dispose of household waste. The EPA 1990 stipulates that no charge shall be made for the collection of household waste except in cases prescribed in regulations and that in any of those case the Authority may recover a "reasonable" charge for the collection of the waste from the person who made the request.

The Controlled Waste (England & Wales) Regulations 2012 stipulates that for any article of waste which exceeds 25 Kg in weight and for garden waste a collection charge can be applied. However, with some exceptions dependent upon where the waste originated, disposal charges may/may not be applied.

We currently charge £20 per collection. In 2014/15 we made 113 bulky green waste collections. There is limited benchmarking data available, however, Caerphilly charge £50 per collection, and Conwy charge £50 per half load.

The proposal is to increase our charge to £50 per collection which would generate additional income of £3,390 per year (assuming no drop off in demand).

(c) IS THE DELIVERY OF THIS INITIATIVE AFFECTED BY LEGISLATION OR OTHER DRIVERS SUCH AS CODES OF PRACTICE?

If so, please identify what and how?

Environmental Protection Act 1990

The Controlled Waste (England & Wales) Regulations 2012

Waste (Wales) Measure 2010

Equality Impact Assessment Form

(d) Does the initiative directly affect service users, employees or the wider community?

Yes X

Continue assessment

No

No need to continue screening or carry out an EqIA

Screening/Relevance Test: Is an equality impact assessment required?

Screening is used to decide whether the initiative you are responsible for has a high or medium negative impact on any of the protected groups and will require a full EqIA. Please highlight the positive impact the decision will have on the protected characteristics.

What will be the effect on:-

Protected Characteristic	Impact? <i>Include Positive and Negative</i>
Age	Neutral
Disability	Neutral
Gender Reassignment	Neutral
Marriage & Civil Partnership	Neutral
Pregnancy and Maternity	Neutral
Race	Neutral
Religion or Belief	Neutral
Sex	Neutral
Sexual orientation	Neutral
Carers	Neutral
Welsh Language	Neutral

If after completing the EqIA screening/relevance test you determine that this service/function/policy/project is not relevant for an EqIA you must provide adequate explanation below (Please use additional pages if necessary).

The impacts of increasing charges for the collection of bulky garden waste will have the same impact on all citizens regardless of the protected characteristics.

Are you happy that you have sufficient evidence to justify your decision?

Yes

Signed: Ellis Cooper

Position: Corporate Director

Equality Impact Assessment Form

N.B. If the initial screening process has identified actual or potential high or medium negative impact on a particular group or groups then you **MUST carry out a full EqlA.**

Full Equality Impact Assessment

You should use the information gathered at the screening stage to assist you in identifying possible negative/adverse impact, including positive impact, and clearly identify which protected groups are affected.

In terms of any disproportionate / negative / adverse impact that the proposal may have on a protected group, what steps (if any) could be taken to reduce that impact for each group identified. Attach a separate action plan if necessary.

If ways of reducing the impact have been identified but are not possible, please explain why they are not possible.

Please highlight positive impacts and actions that have been identified as a result of the assessment process.

Evidence Sources

(i) Give details of any data or research that has led to your reasoning above, in particular, the sources used for establishing the demographics of service users.

(ii) Give details of how you have engaged with service users on the proposals and steps to avoid any disproportionate impact on a protected group and how you have used any feedback to influence your decision.

Are you satisfied that the engagement process complies with the requirements of the Statutory Equality duties?

Decision Log – (detail how Elected Members and Senior Managers have been involved in the decision process (give dates of key meetings and decisions made)
