### **Work Programme 2019/20**

#### **1.0 PURPOSE OF THE REPORT**

- 1.1 To provide the Scrutiny Committee with its work programme for consideration and to prepare in advance of the next scrutiny committee meeting.
- 1.2 To remind Scrutiny Committee members that they need to consider the requirements of the Wellbeing of Future Generations (Wales) Act 2015 in all aspects of scrutiny work.

#### **2.0 RECOMMENDATION(S)**

- 2.1 The Committee considers the attached Work Programme and approves, revises or amends it as deemed appropriate; and to consider the questions at 3.7 in planning for the next meeting.

#### **3.0 INTRODUCTION AND BACKGROUND**

- 3.1 The attached work programme identifies the topics and issues under consideration by the Scrutiny Committee and allows an opportunity for additional subjects to be identified and included on the programme.
- 3.2 Scrutiny committees are required to prepare and keep under review a programme for their future work. By reviewing and prioritising issues, members are able to ensure that the work programme delivers a member-led agenda.
- 3.3 The Wellbeing of Future Generations (Wales) Act 2015 requires each Public Service Board (PSB) and Council to work with their communities to develop local objectives. Merthyr Tydfil County Borough Council (MTCBC) and the Cwm Taf PSB have acted on this.

- 3.4 MTCBC has four local Wellbeing Objectives, each having clear outcomes that will help the Council to respond to local community needs and contribute to the seven national wellbeing goals. The four Wellbeing Objectives are:-

**BS Best Start to Life** - Children and young people get the best start to life and are equipped with the skills they need to be successful learners and confident individuals.

The key outcomes for Best Start to Life are:

- Children live in a nurturing and stimulating home environment
- Children have access to high quality pre-school and school education
- Improve the educational outcomes for all children and young people
- Children and young people have good health and wellbeing

**WL Working Life** - People feel supported to develop the skills required to meet the needs of businesses, with a developing, safe infrastructure which makes Merthyr Tydfil as an attractive destination.

The key outcomes for Working Life are:

- Merthyr Tydfil realises its full economic potential, with a skilled workforce and better employment opportunities;
- People value and enjoy the built and natural environment, protecting and enhancing our cultural assets for current and future generations;
- We have strong, resilient and supportive communities where people take responsibility for their own actions and how they affect others.

**EW Environmental Wellbeing** - Communities protect, enhance and promote our environment and countryside.

The key outcomes for Environmental Wellbeing are:

- Environmental damage is minimised by preventing pollution
- To maximise the amount of materials and resources recycled in line with the waste hierarchy;
- Merthyr Tydfil has good quality, biodiverse and connected green infrastructure and open spaces; and
- The use of renewable and low carbon energy is increased.

**LW Living Well** - People are empowered to live independently within their communities, where they are safe and enjoy good physical and mental health.

The key outcomes for Living Well are:

- People live safe and independent lives within their communities
- Children and adults are safeguarded from harm and feel safe
- Children and young people live safely with their family or close to home and have transitioned well into adulthood.

- 3.5 The Scrutiny Committee is encouraged to identify issues that reflect these priorities that are within your remit and/or are a priority for local people and communities. If a matter is a recurring issue for the people you, as Councillors, represent, the likelihood is that it is something that the Committee should consider. The more relevant the issue is to local communities then the greater the likelihood of engaging those communities in the scrutiny process and of producing outcomes that will be visible to those communities you represent.
- 3.6 MTCBC has developed an 'Our Shared Vision' document (Appendix I). This makes the connections from the seven national Wellbeing Goals through to the local objectives and political priorities. This document is contained within one page and acts as an easy to understand guide. When considered with service area strategies and operational plans a thread is created that can be extended down to individual tasks. This helps staff members see how they are contributing to the Act and the 'Wales We Want', and will assist Scrutiny members better understand the connections with the Act.
- 3.7 The work programme is a dynamic document and is reviewed at every meeting of the Committee to ensure that its contents are still relevant and will add value to what the Council and partners are doing. At each meeting the committee will agree the agenda items for their next meeting and in preparation may in advance wish to ask itself the following questions.
