Hi Jo

Just to let you know last nights grand opening they played music beyond the conditions and the DJ Matthew Okeefe was adamant earlier in the day that he met with licensing the Monday before opening night and that they had informed him and the management that music can be played until 12 midnight so they did play music beyond their conditions after 11-30 please could you investigate this and take the appropriate actions.

Thanks

Gary

Hi Jo

The club yet again Saturday night played music beyond the conditions this is not acceptable conditions are put in place for a reason with the close proximity of the neighbour's people need to go to bed to work the following morning early also children are in bed please could you investigate and take the appropriate actions thanks.

Gary
