<u>Date</u>	<u>Time Started</u>	<u>Time Finished</u>	<u>Description of Noise</u>	<u>Comments (How did the noise affect you, etc)</u>
7/12/20	7:30 (approx)	11:30	Dance Music	Unsure if music after 11:30 was club or neighbouring property. ↓
8/12/20	6:30	12pm	Dance Music	
14/12/20	8:30	10:30 (approx)	Dance Music	Lower level than usual.
20/12/20	9:30	8:30	Dance Music	Intermittently played.
2/13/20		11pm	Dance Music	Louder than has been recently —

There have been other instances where the club has been playing music but because it was so much lower than normal it was not audible inside the property.
