Additional Topics for Review

To be discussed	Hoover Master Plan	Public awareness around the proposed development of the Hoover site is growing and people are keen to find out more about what is being discussed, what impact any development would have on the people living in the areas around the Hoover site as well as to find out what role the Council will play in this. This development is understood to align with the ongoing development of the Cardiff and the Regions City Deal Offer and the Committee would seek to explore key requirements; how the connections noted would
To be discussed	Crucible Project & the developing Special Purpose Vehicle	Reports received by the Committee previously on this topic have offered Committee Members an insight on the early stages of planning; key project strands and demonstrated the connectivity within this large-scale heritage, culture and destination development project. The Committee seeks and update report containing a full status update; along with key aspects of the project (scope; cost; timescales; key partners; benefits/dis-benefits etc.). The Committee would also seek to develop their understanding of the requirements of any developing Special Purpose Vehicle mechanism – a component which was previously outlined as a key consideration of this project.
To be discussed	Violent Crime: Sexual Violence	The Committee has requested a report on this topic, which would include both local and national data on sexual violence. The report should outline the impact of sexual violence on citizens (i.e.) STIs; pregnancies; impact on mental health and offer basic detail on the support structure available for victims both at the time incidents occur and in the longer-term.
