Five Ways of Working	How does your proposal demonstrate you have met the five ways of working?	Are there any additional actions to be taken to better contribute to the five ways of working and/or mitigate any negative impacts?
Long Term - Thinking and planning for the long term.	The CTR scheme is pan Wales and the LA has limited flexibility to amend any element. As such we cannot confirm that the scheme will be in operation in the same way each year due to the considerations of Welsh Parliament ministers.	
Prevention - Preventing problems before they happen.	By adopting the scheme we are able to ensure that low income households are able to access financial support to help with Council Tax payments	
Integration - Integrating with other strategies.	As a section we actively work with both internal and external stakeholders including RSL's to promote CTR	
Collaboration - Collaborating with others.	As a section we actively work with both internal and external stakeholders including RSL's to promote CTR	
Involvement - Involving people and communities.	CTR is available to all householders with a Council Tax liability who qualify following means testing. Consultation was undertaken on the three flexible elements following which the decision was to retain the default scheme as published.
