Current Welsh Government legislative in relation to housing and homelessness directs that now has a statutory obligation to re-house those persons in temporary accommodation as a result of the ongoing pandemic. This adds substantial pressures to the Council and there's a requirement to identify innovative ways to house this client group. Additionally, the requirement is not solely focused on accommodation, but also the support that must be put in place to enable the clients to sustain their tenancy.</p> <p>The Committee will discuss a suggested approach to this issue with the Cabinet Members and Chief Officer/officers to establish how a cohesive overview of the situation can be secured, and thereby supporting development of collaborative solutions which can be addressed collectively.</p>	Focus on the Future: wellbeing in our community Recovery, Transformation and Improvement Plan (Governance) Wellbeing of Future Generations (Wales) Act 2015 Housing (Wales) Act 2014
