**Subject:** Objection to premises licence.

We would like to make an objection to the application for a premises license for 'The Taffy' to sell alcohol on the premises [REDACTED] until 11pm.

We believe our concerns to be in relation to:

The Prevention of Public Nuisance

[REDACTED]

[REDACTED]

Our main concerns are:

[REDACTED]

Our gardens could be accessed from their premises, we understand the beer garden has been withdrawn from the application, but if they intend to allow the side area to be used as a smoking area for instance, would they be able to control the customers behavior and guarantee the privacy and safety of the residents and their properties? We had issues with this in the past and it made our gardens unusable. Can they prevent this? It does make us concerned our properties could be targeted,

The front pavement has been used as a smoking area for drunken customers in the past/ car park. It is very unsettling and intimidating to have to walk in a busy road to avoid groups of drunken patrons. [REDACTED]

[REDACTED]

I hope you consider our objections.

[REDACTED]

[REDACTED]

Yours faithfully
