Dear Jo

I spoke to you a few weeks back regarding council policy with new vehicles being under 4 years old. I have been trying to source one for the last 3 months, even brand new, only to be told there's at least a 12 month waiting list. I have sourced quite a few 8 seater minibus's which are between 5 to 6 years old and are all in immaculate condition, low mileage and reasonably priced. Trying to get one under a 4 year old at this time is near enough the price of a brand new bus. I am not only speaking for myself but other operators are having the same problem namely:

Evan Shepherd

Geriant Llewellyn

Jon Martin

Huw Thomas

David Winter

Karl Mathews

Could you please put this to council on behalf of ourselves, to see if the age limit can be lifted to possibly 5/6 years.

Regards,
Mark Williams
